

English

This term we will be exploring the world of Sherlock Holmes, then we will be developing skills in diary writing with the Windrush as a theme and finally we will be learning the skills of journalistic writing with Spiderman as a stimulus.

Science

The focus will be particles in physical and chemical changes and then we will be exploring sustainability.

Computing

We will be exploring Communication: how to effectively search and how search engines work. We will also look at web page design.

Maths

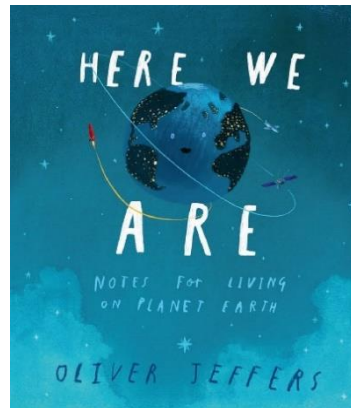

This term in Maths we will be understanding place value to ten million, securing times tables knowledge and written methods for addition, subtraction, multiplication and division.

PSHE and SMSC

We will be exploring Here We Are by Oliver Jeffers and the themes that arise within the text to assist with discussions about returning to school.

Year 6 Autumn Term 2020

Here We Are

Bratton Passport at Home

Hunt for fossils and bones.
Learn how to access the news.
Read in an unusual place.

Geography

In Geography we will be learning about a growing global population and the challenges it brings. We will also be exploring globalisation and how it has affected communication and trade around the world.

RE

We will be learning about Sikhism, the ten gurus, the 5 Ks of Sikhism and its holy scriptures as well as learning how Sikhs express their faith.

Art and DT

We will be exploring and working in the style of the artist Kandinsky

Music

Children will be developing knowledge and skill in the musical elements of duration and harmony.

History

We will be learning what Britain was like before the Romans, why they conquered Britain. We will find out about Julius Caesar, why Boudicca led a revolt against the Romans, how Romans changed Britain and why they left.
