

Enriching Lives Everyday

English

Outcomes will include instructions for pok-a-toke, posters, newspaper report, conduct debates and a written analytical essay. Children will also develop comprehension skills using a range of texts and learn spellings and spelling rules.

Maths

This half term we will be focusing on measuring - perimeter and area. We will also be learning about data and how to read and interpret graphs and tables.

Science- Properties of materials

We will be learning about the properties of materials, including how to compare and group materials based on their properties. We will be able to give examples of reversible and non-reversible changes to materials.

Religious Education

Our focus is: Salvation

Our question is:
What did Jesus do to save human beings?

Year 5 Spring 2

'Enriching Lives' by connecting learning Mayans

History-Mayans

In history, we will be learning about the ancient Mayans, looking at their daily life, achievements, structure of society and their decline.
