

### Communication and Language

We will be focusing on listening skills and following simple instructions. The children will be talking about the activities they are engaged in and encouraged to widen their vocabulary

### Personal, Social and Emotional Development

We will be focusing on celebrating our similarities and differences. We will be learning about our new routines in school.

### Physical Development

Activities will be developing fine and gross motor control including pencil control, using scissors and experimenting with different ways of moving. We will be encouraging children to be as independent as possible in managing their basic hygiene and personal needs successfully.

### Maths

Our units this term focus on counting, sorting groups, comparing quantities, one more, one less and time.

## Celebrations

### Autumn Term 2019

### Bratton Passport at Home

Plant some bulbs and watch them grow.

Make a mud creation.

Take a photograph.

### Literacy

We will reading texts such as *Elmer* by David Mckee and *Stick Man* by Julia Donaldson. Phonics will develop children's segmenting and blending skills. This will help to read and write simple words and sentences.

### RE

We will be learning about celebrations including Divali and Christmas.

### Understanding the World

We will be celebrating the seasonal changes happening around us (Autumn). We will be finding out about customs relating to celebration eg presents, parties, fireworks, Christmas trees etc

### Expressive Arts and Design

Exploration of different media to create pictures related to Autumn and fireworks. Exploring sounds different musical instruments make.
