

Year 1

Autumn Term 2020

English

We will be beginning our year with a transition unit using "Here we are" by Oliver Jeffers.

We will also be writing stories which create different moods, writing a diary recount and writing instructions.

Science

We will be discussing the properties of materials. We will be asking scientific questions and gathering data to help us answer questions

History

We will compare changes within living memory. We will also be exploring Bonfire Night

R.E

We will be basing our learning around Christianity and the Nativity.

Maths

This term we will be focusing on number bonds, place value, addition and subtraction.

Computing

We will be discussing the importance of e-safety and using technology to create, store and retrieve digital information.

PSHE

Class rules and safety in school.
Healthy living.
Settling back into school.
Changes in our world.
Safety at home.
People who help us.
Current issues, keeping ourselves and our friends safe.
Handwashing and personal hygiene.
Playing kindly.
E-safety.

D&T

We will design, create and evaluate a product featuring a lever or slider. We will be creating a moving Christmas card.

Geography

We will be learning about the UK with a particular focus on London.

Music

We will be exploring pulse and timbre in our music lessons.

PE

We will be mastering a range of different movement and co-ordination techniques. We will be participating in team games.

Bratton Passport at Home

Look up at the stars on a clear night.

Skim a stone

Climb a huge hill.
